

Page Turner Spring List 2010

Page Turners is a literature-based competition for students in grades 3-12. Wayland Cohocton Elementary participates in Chapter 1 (grades 3 and 4). We send teams from the Wayland building and teams from the Cohocton building to two competitions each year. Two teams of six students per building prepare to answer questions by reading the books on the Official List of Titles, which is prepared by a committee of teachers and librarians.

Teams compete in a round robin format with nearby schools, and division winners advance to a region-wide final tournament. Winning teams are recognized with plaques. All participants receive certificates.

Students participating in PageTurners may read up to 14 books each semester, selected by a panel of teachers and library specialists. Audiobooks and iPods are available through Media Library at Genesee Valley BOCES. Students are encouraged to participate in writing questions for competitions. In the Wayland Elementary building we meet every Monday morning at 7:30. We also have LAB during the week to read, write questions or discuss and review. If you have any questions please contact Mrs. Hartzell or Mrs. Meldrum by calling the Elementary Office at 728-3547.

Check back in the spring for the
new fall list for sept 2010!!
