

January 11, 2010

Dear Parents:

The Regents and Competency test period begins on Tuesday, January 26, 2010 and runs through Friday, January 29, 2010. Some mid-terms are also given during this week. **During this examination period, students need to be in attendance only when they have a scheduled examination. Please note: Monday, January 25th is a “normal school day” at WCCS for all students.** Also, Friday, January 29th BOCES students do not have school due to a conference day.

If your student is required to stay all day, he/she may bring a lunch or purchase a sandwich, fruit, chips and milk from the high school cafeteria during test week.

Morning examinations are scheduled from 8:00 AM - 11:00 PM; afternoon exams are scheduled from 12:15 PM - 3:15 PM. Students who have finished exams may leave the exam room and building (*if they walk or have transportation*) at 10:00 AM and 2:00 PM respectively. Students waiting for the bus will stay in the cafeteria until 11:00 AM and 3:15 PM respectively.

Transportation will be the same as always in the morning. There will be an 11:00 AM run and the regular 2:30 PM run and a 3:15 PM run to take students home. **Please be sure your student communicates directly with his/her own bus driver on his/her transportation needs for the week... morning and/or afternoon exams.**

All BOCES Vocational School students are not required to attend their vocational programs January 26th – January 28th, however, transportation will be provided for them and all day BOCES students if they wish to attend.

Due to regents testing conflicts, special education students may be taking a “local” exam on a different day than on the schedule. Each student should confirm their individual testing schedule with their own special education teacher(s).

<p>Please note the examination schedule on the other side of this letter. Also, the exam schedule is listed on our school’s website.</p>

If you have any questions, please feel free to call me at 728-2366 (option #7).

Sincerely,

William F. Whyte
Principal
