

***Student Network Access Permission
And Internet Safety Contract***

As the **parent/guardian** of the below-named student, I acknowledge that I have read the Acceptable Use Policy and Rules and the Student Use Guidelines for internet access. I understand that Internet access for students is designed for educational purposes. I also recognize that it is impossible for Wayland Cohocton Central School District to prevent misuse of the Internet by a student, including access to controversial or inappropriate materials. As a result, I will not hold the District, its employees or agents responsible for materials and/or information a student may obtain from the network.

Access includes WCCS in-house network, the Internet/World Wide Web (WWW), and internet e-mail for Grades 5-12. This will be governed and monitored by District employees and the Genesee Valley BOCES staff.

I understand that if a student violates the student use guidelines on the Student Use Guidelines or Acceptable Use Policy and Rules he/she may be denied use of the Internet at school and may be subject to discipline under the District's discipline rules. I hereby give permission for my child to access the Internet while at school and certify that:

1. I discussed the Student Use Guidelines for Internet access and the Acceptable Use Policy and Rules with my child;
2. My child understands that he/she is responsible for appropriate use of this privilege and is aware of the consequences of inappropriate use;
3. That the information set forth on this form is correct;
4. This permission is valid from the date set forth below until the student leaves the District schools or I revoke this permission by submitting a written notice of revocation to the student's building Principal.

Student Technology User's Contract

I have read and I agree to follow the Policies and Rules set forth in the Acceptable Use Policy and Rules. I understand that this privilege may be revoked for any violation of the rules.
